

greetings,
this is a scrambled offering- one with
assorted characters that you could
potentially use to sprinkle selectively
on your work: stories, reports, manuals,
posters, tshirts or even those dead
boring powerpoints...

all of them were made with some
context in mind and even though the
speech bubbles/ dialogues have been
removed, i have kept the backgrounds
intact.

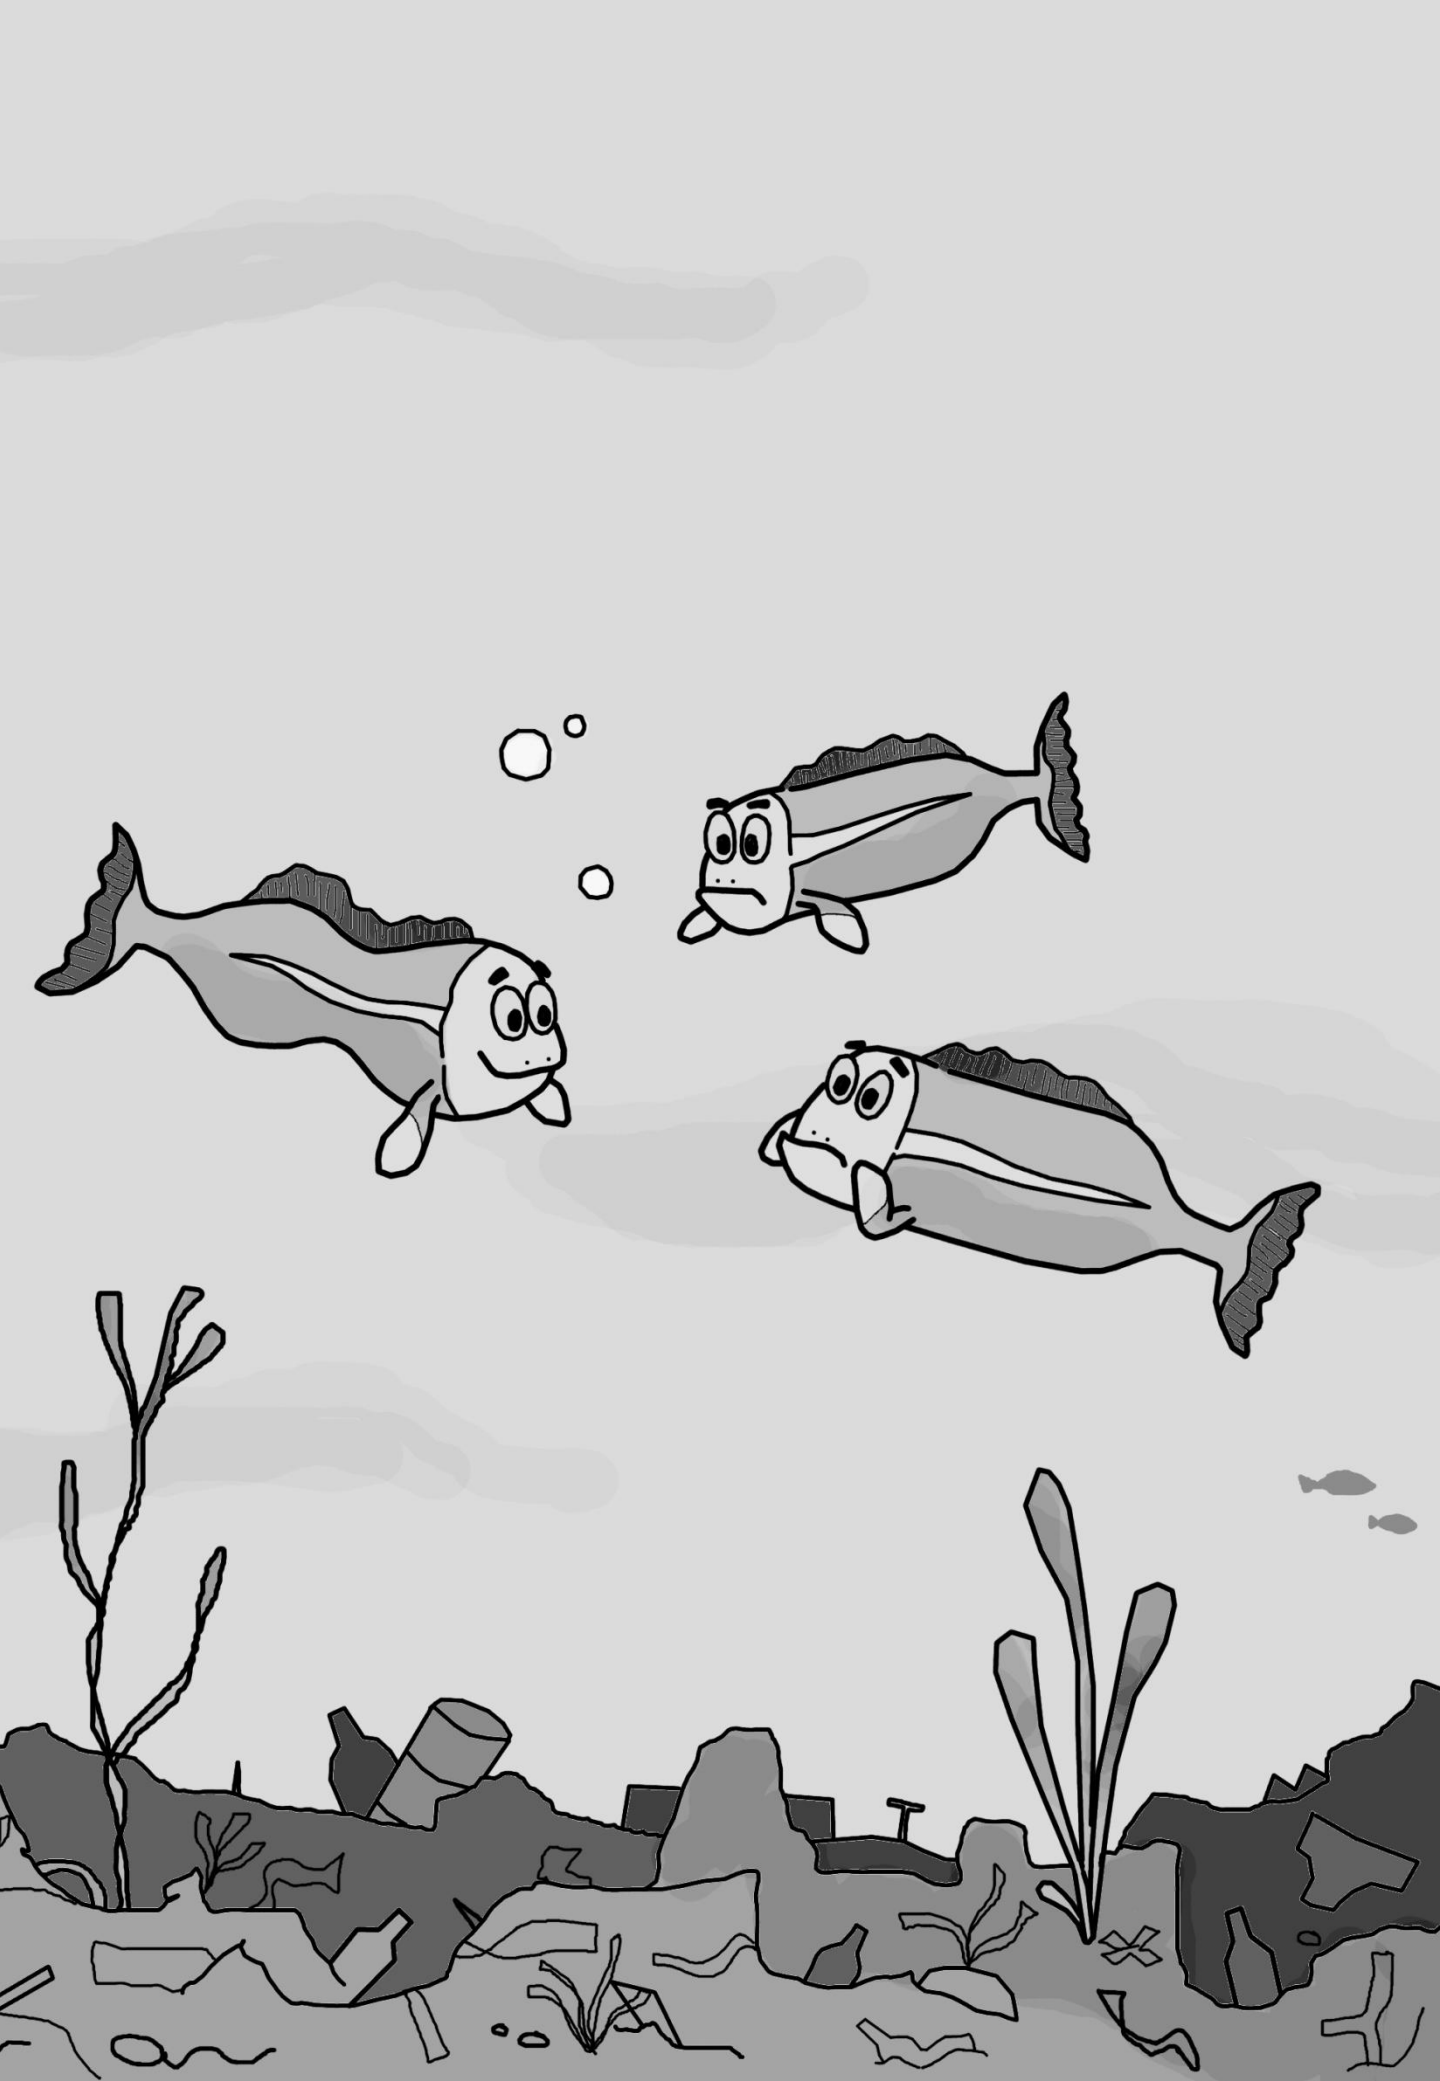

i do hope that some of these prove to
be useful for you...
